Dear Sir:-

What is your charge for a complete set of your  
American Journal on Numismatics? Are they bound? Kindly  
write full particulars in regard to same.

As assistant Curator of the Museum am I entitled  
to discount on supplies?

June 28th, 1921.

Mr. Adelbert Fernald,  
Assistant Curator of the Museum and Librarian,  
Harvard University,  
Boston, Massachusetts.

Dear Sir:-

Referring to your letter of the 24th regarding the price of a complete set of the American Journal of Numismatics, I would say that an unbound set (Volumes 1 to 53) sells for \$130.00. However, at the present time we are allowing to all Libraries a discount of 15% on the Journal as well as other books mentioned on the enclosed list, which you might care to take advantage of.

We also have two sets, the earlier numbers of which are bound, as follows:-

1. In three-quarters brown morocco, the first two volumes with four years bound in one, and from Volume 9 to Volume 29 with three years bound in each volume. There is also a volume of the Proceedings from 1878 to 1892 to match the set. I can quote you a price of \$145.00 for the set. *less 15% 90*
2. Volumes 1 to 15 bound in three-quarters green morocco, one year to each volume. I should be very glad to let you have this set for \$140.00 *less 15% 70*

Trusting to receive your order, I am,

Very truly yours,

Curator.

Dear Sirs:

One of the students in Harvard College has made an obverse for a medal for the School of Architecture. His medal is eighteen inches in diameter, in plasteline, and he is to do the reverse later. Can you give me the name of someone who could cut the die satisfactorily and make the medal? I know that a firm like Tiffany could do the work, but if I can get it done properly, at a lesser expense, I want to do so.

Any information that you can give me on this point will be most gratefully received.

Very truly yours,

G. H. Edgell, Dean.

American Numismatic Society

New York City

Dear Sir:

I notice that our set of the Proceedings of the American Numismatic Society is incomplete. We lack those of the 20th meeting, 1878, the 22nd to 28th, 42nd, 49th, and 50th (1908). I understand that the Proceedings from 1908 were included in the American Journal of Numismatics, but we have those of the 57th, 58th and 59th meetings issued in separate form. From 1920 I understand the Proceedings in 16° form are issued in your Numismatic Notes. These and the Journal we have been in the habit of buying and we subscribe to them at the present time. If you have any of the Proceedings which our set lacks and which you can spare I shall be very grateful if we may receive them.

Responding to your letter of the 15th, we have pleasure in sending you, under separate cover, the numbers of our Proceedings which you lack.

If you lack the Proceedings for 1918, 1919 and 1920 in blue-covered form, reprinted in The Numismatist, we can also supply these. Although from your letter I gather that you have these as well as the succeeding three years which are in monograph form.

Dear Sir:

We have already sent you an acknowledgment, I believe, for the Proceedings of your Society missing in our set which you lately sent to us. In your letter of Jan. 17th you also kindly offered to send the Proceedings for 1918, 1919 and 1920 in blue cover form to follow the three issues in this form, 1915-17 which we already had. I should be obliged if we might receive these numbers also and thank you very heartily for your kindness in supplying the others.

Dear Sir:

One of our Professors has found in the Bibliography at the back of Vol. 6 of the Cambridge Ancient History the following reference: Newell, E. T. *Tyrus Rediviva*. N. Y., 1923.

We should like to purchase a copy of this work for the Library, but we are unable to discover it in any trade bibliography. I should greatly appreciate it if you could let me know if you did write a book with this title, and by whom it was published. If this is not the title of a book, but of an article contained in a larger work, we should like to know that also.

I trust that giving us this information will not put you to too great inconvenience.

Yours very truly,

Since writing to you on the 5th in regard to your "Tyrus Rediviva" which we were unable to identify, a copy has come to light here in the Library. It was in the process of cataloging and the card had not been filed, which explains our failure to discover it before. I hope my previous letter has not put you to any trouble.
